March 27 is going to be our date for state of the town. We're doing at town hall as we have not been able to find a place to hold it that's not too expensive and is available.

Also, planning ahead - we need a host for 3/17, 3/24, and 3/31 for WSIC. Please sign up on our schedule and complete the calend.ly link for WSIC.

Jennifer, it appears we're on an educational vacation.....

VOTER SUPPRESSION

1908 Albert Comstock Hamlin became the first African American elected to the Oklahoma Legislature. Hamlin lost his re-election bid as a direct result of a constitutional amendment that prevented many Black Oklahomans from voting.

1915 In *Guinn v. United States*, the United States Supreme Court declared the so-called Grandfather Clause of the amendment to the constitution of Oklahoma of 1910 void because it violated the Fifteenth Amendment to the Constitution of the United States. The Grandfather Clause, a mechanism that disenfranchised Black voters, prevented the reelection of Oklahoma's first African American legislator, A.C. Hamlin.

1916 The Tulsa Racial Segregation Ordinance forbade whites and Blacks from living in the same neighborhoods and reinforced segregation.

NOVEMBER 11, 1918 World War I ended.
